

AMERICA'S ATHLETES WILL RECEIVE WARM WELCOME

BY MANHATTAN.
NEW YORK, August 22.—Plans are made for a very imposing official reception for the returning American Olympic athletes on August 25th. It is true that many of the athletes have arrived here already, but the reception is just as much for them as for anybody else.

The American athletes who took part in the great international games before the stadium are the lions of the hour in the athletic world. They are the king-pieces in the eyes of all sports-loving folks.

The Olympic games were necessary to show just how supreme the United States is in the sphere of brawn. But add to the strength and skill of the American athletes a use of brain which after all elevates sport out of a sordid sphere. What the English, by their unique system of scoring, claim is the greater merit of honors, all fair-minded and impartial observers are ready to admit the claims of the Americans. It is with this established prestige in the athletic kingdom that the Americans are coming home, and that is why a magnificent so splendid has been prepared for them.

Money has been secured for the purchase of medals and for other necessary outlay to show the appreciation of the people for the good work done by the Yankee abroad. At a special meeting of the Board of Aldermen plans were made for a monster parade, and General Bligh, police commissioner, has promised that the streets shall be reserved for the athletes and their admirers on the 25th.

President Roosevelt has been invited to pin the medals upon the breasts of the conquering heroes at the crowning feature of the ceremonies. President Roosevelt's love for sport and outdoor life will likely lead him to accept this honor without hesitation. The presentation of the medals will take place upon the steps of City Hall.

Governor Hughes has been petitioned to allow a conveyance of the National Guard to participate in the parade. Mayor McCallan will extend to the athletes the freedom of the city. Perhaps one of the most enthusiastic of the official welcome is "Little Tim" Sullivan.

"Now is the time for us to show our material appreciation for our boys, who did so much to elevate the fair name of America," said Percy Nagle, who was a member of the old Metropolitan Rowing Club, which won the national regatta championship in August, 1888. "What is more, we are going to parade and have as many of our old victorious crew with me as possible."

While considering Olympic athletes it is interesting to note some of the things which have been done since the present Olympiad. Ten titles were lost, and the old champions were unsuccessful in defeating the former top men.

James Lightbody, of Chicago, had the misfortune to lose two "highest figures." The 1500-meter title passed to Melvin Sheppard, who may lose it himself next year. Russell, of Great Britain, took the fence-clearing honors from Sheppard. The 100-meter title this year, too—the 400-meter hurdle championship, which he won at St. Louis.

In spite of his splendid showing in the discus-throwing events, Martin Sheridan lost a title at the stadium. Before the Sheppard-Bridges match, Sheridan was the champion shot-putter of the world, although he did not hold the record. He was won with a throw of 40 feet 8 inches, now doing no surprise when he failed to place in the galaxy of stars that had gathered at London.

PUGILISTIC POINTERS

BY JEFF THOMPSON.
NEW YORK, August 22.—Philadelphia Jack O'Brien, the gentleman pugilist from Quaker Town, who gained some little fame in elegant circles by his mill with the young millionaire society—size fighter, Anthony Biddle, announces that he is going into the ring on September 24, and the New York sport lovers are already saving up for it.

Murphy is a Harlem boy, and has done a lot of work lately. He is now at Millard Park, where he is getting down to form and working off the useless fat. Kid Howard, Jimmie Donovan, and Frankie Howe are doing the training, and with a bunch of wise ones about him, Murphy ought to get enough tips to beat the best of the slug artists. Murphy is already down to 132 and still going down.

ABOUT THE PLAYERS

According to Manager Ganzel, each club uses eight or ten bulls during a season. The majority of these are found their way to the general public as souvenirs and for practice among outsiders.

The Chicago Club has signed Cy Young, star pitcher of the Milwaukee, who recently pitched a 2-inning game against Smith, now of the Toledo Club, and allowed seven hits.

Joe Nelson, the former Pirate first baseman, is now leading the Sacramento Club of the California Outlaw League with a batting average of .427.

The Famous Canadian Runner

BOBBY KERR.
An Olympic winner, who it is said, will shortly visit this country.

the English feather weight is a sore corner.

Score another bout for Labor Day: Able Attal and Owen Moran are now training for a "mill" on September 17th, which will take place before Jeems Coffroth's arena on Mission Street in Frisco. Both have agreed upon Jack Welch as referee. The question of a referee gave more trouble than all the other squabbles since put together. Jack was chosen after a careful inspection of the field. He is a former champion of the world, and played a prominent part. Moran has played against Welch, and it required the peace overtures. Coffroth convinced him that a square deal would be forthcoming if Jack were allowed to referee.

Stanley Ketchel is doing some tail training these days for his approaching bout with Billy Papke before Jim Jeffries Club in Los Angeles on Labor Day afternoon. Willie Papke is also going after form for all he is worth. Joe O'Connor, manager of good faith, is satisfied with the arrangements. He came from the last bout which Ketchel is now training at Los Angeles, and thinks he will be in strong form for the eventful day.

Charles Mahood, who trained Terry McGovern when the terrible youngster was knocking out opponents right and left, is now looking after Larry Cross. Somehow or other, Charles has drifted into the Golden West, where the fighters of repute are winning laurels and money, but has remained about New York. Mahood is one of the best judges of form in the business, and under his tutelage Terry grew into a young cyclone. Cross will meet Tommy Murphy at Ulmer Park, New York, on September 24, and the New York sport lovers are already saving up for it.

Murphy is a Harlem boy, and has done a lot of work lately. He is now at Millard Park, where he is getting down to form and working off the useless fat. Kid Howard, Jimmie Donovan, and Frankie Howe are doing the training, and with a bunch of wise ones about him, Murphy ought to get enough tips to beat the best of the slug artists. Murphy is already down to 132 and still going down.

York. For this reason he did not go West with the team.

"Jiggs" Donahue did not come East with the White Sox. The lanky first baseman is still confined to his bed and will be unable to play for some three weeks.

According to the Boston Globe, the Kansas City pitcher Monte Wood, will cost the Boston Club about \$4,000 if he remains with the Red Sox after May 1st next year.

Hugh Jennings has signed a short-stop named Bush. He is now looking for a second baseman named Anheuser, the pair will be known as the Budweiser.

Captain Ganley, of Washington, is accused of using his bat on Pitcher Burns. Probably his method of driving baseball knowledge into the heads of his players.

Lafayette is of the opinion that mascots are a pest. If Larry had his way there would be no "kicks" hanging around the ball yards to get in the way of umpires and players.

The cracks are on the qui vive to see whether Clark or McAleer got worsted on the Blue-Smith trade. Maybe both will be better off. Trades sometimes turn out that way.

The New York Club has secured outfielder "Lefty" McInnes from the New York Club. That competent judge of players, Manager Stallings, proclaims McInnes as the best outfielder in the Eastern League.

The experience of Mrs. Ty Cobb, who was fairly mobbed by curious Detroiters on her first appearance at the Detroit Park, should be a tip to all hitters of trips to leave their brides in the safe deposit vault or the garage.

Joe Wood, the American Association pitching phenom, purchased by Boston, is only nineteen years old. He was seventeen when he pitched his first professional game with the Hutchinson (Kan.) team, of the Western Association.

It is stated that if the championship hinges on the eleven games next month between St. Louis and Detroit, Manager McAleer will depend upon his southpaws—Waddell, Bailey and Graham—to win the majority of these games.

It is said the reason Connie Mack let Catcher Sid Smith go is because of the fact that the catcher is so hard to manage. He pays scant attention to training rules, and not only transgresses himself, but takes other members of his team along.

According to President John I. Taylor, "no player will have a ghost of a chance on the Boston team unless he combines speed and staying qualities. The full and complete name of Boston this season, and will be the war cry next spring."

Catcher Grover Land, just purchased by Cleveland, has been with Toledo three years. Until this year he did not show out of the ordinary, but his campaign he has distinguished himself. He has played in ninety-one games, making seventy-five hits, his forte being extra-base hits.

Outfielder Joe Birmingham, of the Cleveland club, was married on August 12th to Miss Anna Kinzoll, of Albany, N. Y. Mrs. Birmingham was for a time in the State Librarian's office at Albany, N. Y., and admired Birmingham when he was outfielder with that club.

President Comiskey announced last week that he had signed Pitcher Scott, of the Wichita team, the deal being completed by Magnate Isbell, of Wichita, Kan., who is just plain "Issy" when he's not selling a pitcher. The price paid for the pitcher is said to be \$2,000.

Emmett Helderick, the Browns' famous outfielder, has emerged from his two years' retirement and rejoined the Browns with a view to helping them win the pennant. He was joyfully received by Manager McAleer at Philadelphia on Friday, and signed a new contract.

When Owner Farrell, of the New York Club, allowed the Boston Club to sign Jimmie McInnes, the deal being completed by Magnate Isbell, of Wichita, Kan., who is just plain "Issy" when he's not selling a pitcher. The price paid for the pitcher is said to be \$2,000.

McCarthy, the Boston left-hander, who has won eight and lost only two games this year, last week went to Youngstown, Ohio, to have "Bonesetter" Reese look at his injured arm.

President Pulliam has promulgated the release of Joe O'Rourke by St. Louis to New York, and of J. H. McKinney by New York to Altoona.

It is said that Manager Ganzel, of the Cincinnati Reds, has signed Roger P. Chase, a young amateur pitcher of some promise, on the advice of Charlie Ganzel, the former catcher and brother of John.

Gus Soffel, the former Toronto second baseman, who is now captaining the Meriden Club in the Connecticut League, has been purchased by the Boston Nationals, and will report to them later in the season.

Evans, the Montreal first sacker, hung up a new Eastern League record on Saturday, August 8th, by striking out sixteen in one day. Al. Pavee was the title holder in this respect previous to Evans' sensational performance.

Murray, of Buffalo, now goes to bat decked out in a headgear. This player was hit in the head by a pitched ball while Buffalo was playing in Newark on the last trip, the accident being so serious as to necessitate his removal to a hospital.

George Stallings, manager of the Newark, says that "Lefty" McInnes is the best ball player in the Eastern League, and is at right now to travel in the American or National League.

McInnes is a graduate of Pennsylvania State College.

Dave Brain is finding it hard to break into the Giants' line-up.

Third baseman Bobby Byrne, of the St. Louis Cardinals, is laid up with a twisted ankle.

Pitcher Bob Ewing, of Cincinnati, is laid up with an attack of tonsillitis.

President Dreyfus, of the Pittsburgh Club, is with his family at Ottawa Beach, Wis., for a rest.

Practically the entire Cincinnati team will go with Manager Bancroft on the November trip to Cuba.

Ferguson, the former New York pitcher, has been doing good work in the box for the Boston lately.

Joe Tinker, the Chicago shortstop, it is reported, nowadays carries a small lumber yard on his shoulder.

Pitcher Ferguson, of Boston, makes hard work for his catcher by giving runners too long a lead off first base.

The Chicago Club has purchased Pitcher Harry Sutor, of the San Francisco Pacific Coast League team.

Emmett Rogers, the former National League catcher, is now manager of the Salt Lake Club, of the Utah League.

Manager Grauzel is greatly impressed with the style and action of his South Atlantic League recruit, Pitcher Volz.

President Pulliam has announced the indefinite suspension of Pitcher John S. Doerschler by the Cincinnati Club.

Manager McGraw has a substitute for every man on his team, which makes McGraw a mighty independent manager.

Charles Webb Murphy has added the recent visit to Philadelphia and New York to his "Dark Days in My Life" series.

First Baseman Davis has been batting so well that Fred Clarke has moved him up to first place in the batting order.

Dave Brain, the utility infielder of the Giants, is seriously ill in New York.

WILLIAM HEFFRON

One of the Lawmakers, who was hit by a pitched ball and painfully injured, but who is now better.

Highlanders were leading the race then under Griffith.

President Hedges has cut out "ladies" at the St. Louis park. Hereafter women will be admitted free, provided they are with an escort, and no man hereafter will be permitted to escort more than one woman to the park. When purchasing a ticket for the gentleman will be given a ticket for his female friend.

Not since 1906 has Umpire Sheridan retired from the game for good. He is now in the spring of 1907. He is doing for good this time, he says, and his first game against Atlanta will be the last.

On August 5th Pitcher Stowers, of Macon, held Savannah to two hits, but lost his game 1 to 0 on errors. Same day Pitcher Goebl, of Jacksonville, also held Charleston to two hits, but lost his game 2 to 1 on four errors.

After winning the double-header of the 1st of August Jacksonville had the pennant clinched. Manager Mulvaney was not present at the game, owing to sickness, but he put up a good article of ball, notwithstanding their leader was not there to encourage them.

The Augusta team is playing great ball these days, having pulled from last place to first division, having all due to singer in the club by its present efficient manager, Helme Busch. Had the "little Dutchman" been out in charge at the beginning of the season there is no doubt but what Augusta would have been a contender for the pennant.

Pitcher Hartley, of Augusta, on August 8th, shut out Jacksonville with two hits. Pitcher Richardson, of Savannah, on August 7th shut out Columbia with one hit.

Shortstop Carolyn, of Charleston, on August 4th made four hits in five times up off Pitcher Viola, of Jacksonville.

Pitcher Helm, of Jacksonville, has won eleven games out of thirteen pitched, and most of the games have been shut outs.

Hornhurst, Augusta's crack first baseman, has struck his stride at the bat, and is fast becoming a great all-around first baseman. With a no-hit game just passed to his credit, Phil Sifton, Augusta's crack pitcher, secured a double shut-out against Jacksonville August 7th.

The Savannah team has sold Pitcher Hixon to the Mobile team of the Southern League. This man is one of the best left-handers that ever worked in the South Atlantic League.

On Merchants' Day, August 4th, at Columbia, the grandly sum for the benefit of the local club was realized. A number of stores closed for the afternoon in order to give their employees an opportunity to attend.

Pitcher Sifton, of Jacksonville, left for Nashville on the 4th instant, and twirled for the first time in the Southern League on the 7th, winning the game against Atlanta by the score of 2 to 1, allowing only four hits.

JAILS CROWDED WITH RIOTERS

Grand Jury Indicts Many, and Has Not Yet Concluded Investigation.

STORES KEEP OPEN AGAIN

Streets Crowded With People, but No Sign of Disorder Appears.

SPRINGFIELD, ILL., August 22.—Twenty more indictments, making fifty all told, in connection with the recent race riots, were returned by the special grand jury of Sangamon county to-day.

The latest batch of accusations includes five indictments against Thomas Marshall and twelve other negroes, whom he is accused of having led in a murderous assault upon William Boe, chief clerk of the county treasurer's office. Boe has been hovering between life and death for a week.

Looting of Restaurant.
In addition, the negroes are accused of assault with deadly weapons upon John Watling, a white citizen, who was shot at Fourteenth and Mason Streets in the Friday night riot last week.

Three plain cases of assault and battery registered on the complaint of citizens who were knocked down and beaten by the negroes were also recorded.

The other indictments returned to-day are against whites, and grow out of the destruction and looting of Loper's restaurant, in the heart of the business section of the city. Three are for alleged burglary and larceny, two for the destruction or effacement of the establishment or the building in which it was done, and the remainder merely for riot.

Jury Hard at Work.
This was the third successive day on which the grand jury returned indictments against the alleged rioters and their leaders. Thus far, however, only one person, Abraham Haymes, stands accused of murder. He is charged with complicity in the lynching of William Donegan.

About thirty-five men are in jail awaiting the disposition of their cases by the grand jury. Several of those indicted to-day have not been apprehended as yet. The grand jury adjourned to-day.

Stores Open Again.
To-night for the first time since the rioting, the stores were allowed to keep their doors open after 6 o'clock. The streets were crowded early in the evening, but there was no sign of disorder. The only establishments which are still feeling the effects of the riots are the saloons. Mayor Quee has made no announcement as to when they will be allowed to open. It is thought that permission will be given on Monday or Tuesday.

Pistol Went Off.
Dropped to Floor as Would-Be Purchaser Reached for It.
NEW YORK, August 22.—Sergeant John D. Lynch, who is with a detachment of field artillery at West Point, and who was in charge of the detachment at the same command, came to this city to-day with a prisoner to be delivered to the authorities at Governor's Island. After transacting their business, Lynch was carrying a revolver, which he had taken from a man, who admitted Lynch's long revolver, offered to buy it. Lynch drew out the weapon to show it, and as it was being passed over to the would-be purchaser, the bullet went through Haldenrich's right calf, and spent itself in the left thigh of William Bode, a waiter. The wounds were painful but not serious.

Haldenrich was taken to a hospital, where their wounds were dressed. They were detained as witnesses. Lynch was carried to the Fifth Street Station charged with assault.

LEAVES SILVER DOLLAR TO SON HE NEVER SAW
[Special to The Times-Dispatch.]
WORCESTER, MASS., August 22.—An odd will has been filed by former Secretary of the Navy John D. Long for Robert Long, an army officer, who died in Lunenburg, Mass., December 1839. A year after his death his wife, Martha, petitioned to be appointed administratrix. She asked for the will, which was dated November 29, 1882, and Mr. Long found it at this late date among papers of a deceased son, who was a soldier in the Civil War. The will was a rather unique clause in the will.

"To my son by my divorced wife, which son I never saw, and whose name I never heard of, I give and bequeath one American spread eagle, in God we trust, silver dollar."

PUSHED OFF TRAIN AND MEETS INSTANT DEATH
[Special to The Times-Dispatch.]
SALISBURY, N. C., August 22.—Everett Lee, Michael son of John H. Michael, prominent farmer of Rowan county, was killed by being thrown from a train this week between Crescent Springs, Ky., and Cincinnati, O., to which place he was going. A farmer on the roadside saw two men in a desperate encounter on top of the rapidly moving train, and it is said Michael was pushed off and instantly killed. His body was picked up and is being sent to his home in North Carolina for interment.

HEALTH OFFICIALS TO MEET AT WINNIPEG
WINNIPEG, MAN., August 22.—The largest body of public health officials on the continent, the American Public Health Association, will begin its thirty-eighth annual convention at Winnipeg to-day. Dr. Charles O. Probst, of Columbus, O., chairman of the Ohio State Board of Health, and general secretary of the association, will deliver the annual address on Wednesday morning. Several hundred delegates are expected to be present.

LOST IN CLOUDS
Girl Lost When Train Came to Out Passenger Loose.
DAYTON, OHIO, August 22.—Clinging desperately to a trapeze bar, Miss May Plummer, of Springfield, Ohio, was lost in the clouds for three hours to-day. The girl undertook a balloon ascension, her face and hair blowing at a gale given near her, and was to make a parachute drop. She lost her nerve when the balloon had reached the proper altitude for the drop, and was carried several miles east of this city, where she landed exhausted in a field.

Forest Fires Hagging.
HELENA, MONT., August 22.—Forest fires have broken out anew in the little belt reserve at Great Falls, Montana, and much valuable timber is being destroyed.
